# AORTIC DISEASES IN NAPLES:

## II° INTERNATIONAL MEETING

Naples, June 6-7, 2019

Course Directors:

**G. Dialetto, A. Della Corte**

Local Committee:

**A. Corcione, M. De Feo, M. Scardone**

"Aorta" opera di Gennaro Regina 2017

**SALA M. CRISTINA  
Complesso Monumentale  
S. Chiara  
Napoli**

UNIVERSITÀ DEGLI STUDI  
DELLA CAMPANIA  
LUIGI VANVITELLI

08:30 **Welcome and Introduction**

*G. Dialetto - A. Della Corte*

**SECTION 1:  
ESTABLISHED and CONTROVERSIAL TOPICS in THORACIC AORTIC DISEASE  
Treatment and outcomes of aortic dissection and aneurysms**

Chairmen: *P. Calabrò - G. Iannelli*

08:45 **The fate of the distal aorta after treatment of type A aortic dissection**

*L.S. De Santo*

09:00 **"Complete treatment" of type A acute aortic dissection**

*S. Iesu*

09:15 **Follow-up of type B acute aortic dissection treated by endograft**

*G. Dialetto*

09:30 **Discussion:**

*B. Di Benedetto*

09:45 **Surgical treatment and follow-up of type B acute aortic dissection**

*M. Schepens*

10:00 **Outcomes of frozen versus conventional elephant trunk technique**

*R. Di Bartolomeo*

10:15 **Total endovascular repair of the aortic arch**

*B. Rylski*

10:30 **Discussion:**

*C. Amarelli*

10:45 BREAK

11:00 **Honored Lecture: Open repair techniques for the aortic arch are still superior**

*J. Bachet*

11:30 **Greetings from the Authorities**

**Prof. G. Paolisso** (*Magnifico Rettore Università degli Studi della Campania "L. Vanvitelli*)

**Dott. A. Giordano** (*Commissario Strordinario A.O.R.N Ospedali dei Colli*)

**Prof. G. Nappi** (*Cardiochirurgo*)

11:45 **A Testimony Prof. M. Cotrufo** (*Emerito di Cardiochirurgia*)

**ACUTE AORTIC SYNDROMES 1  
Nomenclature and its relevance to treatment**

Chairmen: *C. Mauro - M. Scardone*

11:50 **TEM: new aortic dissection classification**

*B. Rylski*

12:05 **Intramural hematoma and penetrating aortic ulcer: CT scan imaging**

*T. Valente*

12:20 **Intramural hematoma and retrograde type A dissection: echocardiography**

*S. Manduca*

12:35 **Retrograde type A: EVG of the original type B or proximal surgery first?**

*K. Tsagakis*

12:50 **Discussion:**

*L. Ascione - A. Rubino*

13:05 LUNCH

14:00 **Honored Lecture: Hybrid approaches in surgery for acute aortic dissection**

*J. Bavaria*

**ACUTE AORTIC SYNDROMES 2**

**Rare and tough cases**

Chairmen: *E. Coscioni - M. De Feo*

14:30 **Tough diagnoses and misdiagnoses in acute aortic syndromes**

*A. Caruso*

14:45 **Diagnosis and medical management of infections of the aorta**

*E. Durante - Mangoni*

15:00 **Discussion:**

*G. Accarino*

15:15 **Type A and type B intramural hematoma: what is the best treatment?**

*D. Pacini*

15:30 **Aortic Isthmus aneurysm following decoarctation**

*G. Oppido*

15:45 **Dealing with the extreme expressions of aortic disease**

*C. De Vincentiis*

16:00 **Discussion:**

*E. Pilato*

16:15 **Adjournment**

**SECTION 2:  
A GLIMPSE into the FUTURE of ENDOVASCULAR SURGERY**

**Transcatheter treatments other than aortic**

Chairmen: *V. Monda - M. Rinaldi*

09:00 **Mitral valve treatment by transapical neo-chordae implant**

*S. Salizzoni*

09:15 **Mitral valve transcatheter replacement**

*C. Quarto*

09:30 **Discussion:**

*T. Attisano*

**SECTION 3:  
UPDATE on VALVULO-AORTIC DISEASE  
Bicuspid aortic valve in 2019**

Chairmen: *E. Bossone, F. Tritto*

09:45 **Bicuspid aortic valve and sport activity**

*G. Limongelli*

10:00 **Bicuspid aortopathy: which technique for which patient?**

*R. De Paulis*

10:15 **Circulating biomarkers in bicuspid aortopathy**

*A. Della Corte*

10:30 **What's new in basic research on BAV?**

*E. Girdauskas*

10:45 **Discussion:**

*S. Severino*

11:00 BREAK

**Clinical course and treatment indications of aortic valve stenosis**

Chairmen: *P. Caso - E. Pilato*

11:15 **The asymptomatic patient over 75 years old with severe AS**

*F. Antonini Canterin*

11:30 **Intermediate risk AS patient: surgery versus TAVI in the real world**

*G. Gerosa*

11:45 **Role of echocardiography in TAVI procedures**

*F. Covino*

12:00 **Discussion:**

*A. De Bellis*

**TAVI: The devil in the details**

Chairmen: *G. Esposito - B. Tuccillo*

12:15 **Management of coronary lesions in TAVI patients**

*F. Arenga*

12:30 **Which TAVI for which patient: self-expandable vs balloon-expandable**

*M. Romano*

12:45 **Though cases in TAVI**

*M. Cassese*

13:00 **Is durability of transcatheter valves comparable to surgical bioprostheses?**

*M. Romano*

13:15 **Discussion:**

*M.T. Librera*

13:30 Closure
